

President Message

The University of Diyala looks forward to achieving distinction among the national and international universities and being a pioneering and illustrious university in the field of higher education and scientific research. It also seeks to be distinguished in providing higher education services to meet the national and international community's needs and permanently contribute effectively to achieving social and economic development in Iraq. The university's mission is achieved through a commitment to global standards in the fields of education, research, community service, and the development of the university's human and financial resources.
